

GRADES: GL-1 SAE GEAR 90 & 140**Product Description**

These gear lubricants are straight mineral oils meeting API Service Classification GL-1. Formulated with highly refined base stocks, they resist oxidation and viscosity thickening, ensuring smooth operation and equipment protection.

Applications

Recommended for manual transmissions in passenger cars and trucks where GL-1 service is specified. These lubricants are suitable for applications where extreme pressure (EP) additives are not required.

Typical Properties

Property	Gear 90	Gear 140
Viscosity @ 40°C (cSt)	270	563
Viscosity @ 100°C (cSt)	17.5	28.0
Flash Point °F (COC)	420	425
Pour Point °F	+5	+15
API Gravity @ 60°F	24.3	22.8

* The values shown are typical of current production. Some are controlled in the manufacturing process while others are not. All of them may vary within tolerable ranges.
